2) It is under this order the Registrar appears to have acted in getting the Kanarese memorandum printed in the Govt Press.

The Press has partially carried out the work & now refuse to print the facing Sheet & appendix without formal sanction of Govt. Their attitude is not clear.

3) If the memorandum is taken as not coming under the 'popular tracts' mentioned in the order, the Press should have objected at the initial stage.

4) The work as now got up by the Press is not complete & if sanction is withheld to the printing of the facing Sheet & binding it will be so much wasted. The appendix giving details of Societies is also necessary

8) The general permission asked for is to have all matter sent by the Registrar printed, cannot be granted. The Supt. ~~has~~ brought to notice that the work in the Press has increased considerably; and the Dewan called for proposals for reducing the work in the Press which have been submitted separately. 14. The question would be very simple if each Dept paid for the printing it got done at the Govt Press — except certain forms, reports &c authorised by Govt which may be printed free as part of the primary work of the Govt Press. The Dept may have a grant for printing & may pay the Govt Press a private press where work is done.

15. To this course some technical objections appear to be raised by the Finl Dept.

16. In view of the congestion of work at the Govt Press the Regr may be permitted to get his extra matter — other than annual Dept. report &c —

Then allow the matter for prosecution to be sent to the Supdt. Press who will either print it himself or send it on to the Private Press & then pass the debit pass? Is it obligatory on all Govt. Agreed

1 Govt should strictly define the kinds of work which may be got printed by Govt offices at Govt expense. The broad question is not so much to keep down the work at the Govt press but to keep down printing charges of the various Depts of Govt. In the present case, for instance, Govt should scrutinize the nature of the papers for printing which the Reporter wants general sanction or decide whether they are really required to be printed.

2 Orders for printing matter approved by Govt should be sent by all offices to the Supdt Govt press. The Supdt may do the work in the Govt press or get it done at private presses at his discretion. The Supdt Govt Printing should have a grant for such works, which will generally represent so much saving in the Govt press charges.

3 In special cases offices may be specially authorized to get special items of work printing done at private presses direct.

Sir,

I have the honor to state that the Superintendent, Government Press, objects to print a facing sheet and an appendix to the Kanarese Memorandum on the working of Co-operative Societies during the year 1912-13 on the ground that the sanction of the Government has not been obtained for the execution of the work.

2. The Memorandum is intended primarily for distribution to the Co-operative Societies in the State and contains an account of the general development of the Co-operative movement and of the work of the principal Societies in the State. It would thus be incomplete if a list of the Societies was not included in it, just as it is done in the case of the Annual Administration Report of this Department.

As

As regards the Facing Sheet, the necessity for it is very obvious. I request that you will kindly issue instructions to the Superintendent of the Government Press to execute the work and supply me with bound copies of the Memorandum at an early date.

ated Bangalore, 8th April 1914.

From

M.A. Narayan Ayangar, Esq., B.A. B.L.,

Registrar of Co-operative Societies in Mysore,

Bangalore.

To

C.S. Balasundaram Iyer, Esq., B.A.,

Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture,

Bangalore.

Sir,

In continuation of this office letter No.1528/C.S. dated 21st March 1914, I have the honor to state that I requested the Superintendent, Government Press, in my letter No.1502/C.S. dated 19th March 1914, to take up early the printing of the appendix and the facing sheet to the - Kanarese Memorandum on the working of Co-operative Societies during the year 1912-1913, in anticipation of Government sanction which had been applied for. The Superintendent of the Government Press states in his letter No.1324 dated 21st March 1914 (copy enclosed) that the Government sanction is necessary before taking up the above work. I therefore request that you will be so good as to obtain the necessary sanction early and direct the Government Press to do the printing at a very early date.

2. In this connection, I beg to add that the Government in their No.Fl.4774-5/B.35-05-13 dated 30th January 1906 permitted the Registrar of

of Co-operative Societies to get printed at the Government Press the requisite number of popular tracts on Co-operation which he might wish to publish from time to time. On the authority of this order, I have been sending to the Government Press for printing all matter relating to Co-operation and the Superintendent, Government Press invariably prints it but in some cases objects to the printing without the sanction of Government. For instance, I beg to add that he refused to print the Proceedings of the Third Provincial Co-operative Conference without the sanction of Government. The Co-operative movement has now spread considerably and attracted the attention of the Press and the public. Should there be delay in printing certain matters, which, for the time, are of particular interest to Co-operative Societies, they lose their value and if printed after a long time, they become useless. It will take some time before I can apply for and get the necessary sanction from Government in each instance. I therefore request that to obviate such an unavoidable delay, the Superintendent of Government Press may be directed generally to print for me whatever I want to publish from time to time on matters relating to Co-operation. I can assure the Government that I shall only send for printing such matter as I consider useful for the spread of Co-operation in Mysore and for stimulating the economic activity of the people.

I have the honor to be,

Sir,
